Profile

I am an experienced Frontend Developer with a solid grasp of core web technologies (HTML, CSS, and JavaScript).

Thanks to this, I've expanded my knowledge further into bleeding-edge technologies like React, TypeScript, CSS Preprocessors (SASS), and Component Libraries (MUI).

Employment History

Frontend Developer, Q agency, Zagreb

November 2021 — Present

- executing responsive design while developing interactive SPAs and websites
- analyzing and improving UI/UX systems
